

# THE FUTURE

## WELCOME TO THE FUTURE!

A 275 sq. ft. tiny home that is truly ahead of our time. The Future is crafted inside and out with a unique modern flair that gives it its name. Using a fifth wheel design, the Future will share all the same amenities you have in a full size home. Things such as a full size fridge, stove and even a washer and dryer will make life in this villa easier than ever! The floor plan was carefully designed to provide ample space for cooking or entertaining in the main living area as well as a generous sized bedroom.
